

HOW WE'RE PROTECTING YOU DURING YOUR VISIT

TELEPHONE PRESCREENING

We will pre-screen every patient over the phone at time of booking and confirmation.

MASKS + HAND SANTIZER

We kindly ask you to wear a face mask to your office visit and hand sanitizer will be provided upon arrival

FRONT DESK

Plexiglass protection between our patients and front desk staff.

IN PERSON SCREENING

We will once again screen every patient upon arrival to the office and check your temperature.

SOCIAL DISTANCING

MINIMAL INTERACTION

Limiting the number of people in the reception area and office

WASHROOMS

Our washroom will be closed to patients for the time being unless there is an emergency

AIR PURIFICATION

Air purifiers with medical grade Hepa filters installed in each treatment room.

STAGGERED APPOINTMENTS

We are allocating longer time slots per appointment to ensure no overlap of patient arrival and departure and also to leave ample time for disinfection between each patient

PPE

Use of appropriate PPE (personal protective equipment) including N95 masks, face shields, protective gowns & safety goggles

COMPLETE DISINFECTION

Complete disinfections of all operatories and equipments.

ISOLATION OPERATORIES BY BARRIERS
